01/12/2022 – CURRENT Kahuta, Rawalpindi, Pakistan

BACHELOR OF MATHEMATICS Government Graduate College Kahuta - Affiliated with University of the Punjab Lahore, Pakistan**Class Topper**

Core Mathematics: Advanced Calculus, Linear Algebra, Differential Equations, Real Analysis, Complex Analysis, and Measure Theory and Lebesgue Integration.

Applied Mathematics: Numerical Analysis, Mathematical Modeling, Operations Research, and Fluid Mechanics.

Technical & Analytical Skills: Problem-solving, quantitative reasoning, algorithm design, mathematical proofs, MATLAB, and Mathematica.

Field of study Mathematics | **Final grade** 3.55 CGPA | **Level in EQF** EQF level 6 | **National classification** NQF Level 6 |**Type of credits** Credit Hours | **Number of credits** 146 |**Thesis** Final Year - Coursework Track (In place of research project) - 1. Fluid Mechanics (Study of fluid behaviour) - 2. Operational Research (Optimization, Linear programming, Decision Making) - 3. Computer Applications (Matlab, Mathematics for mathematical problem solving)**WORK EXPERIENCE****SECONDARY SCHOOL TEACHER – AL-NOOR SCHOOL JEWRA, KAHUTA** – 06/04/2021 – Current – KAHUTA, RAWALPINDI, PAKISTAN

- Taught secondary level Mathematics and Physics concepts, emphasizing practical application and fundamental problem-solving techniques.
- Developed engaging lesson plans, assignments, and periodic evaluation criteria tailored to student learning needs.
- Provided individualized guidance and mentoring to help students grasp complex quantitative topics.
- Schedule & Commitment: Volunteer basis; Monday–Thursday & Saturday: 8:00 AM – 1:30 PM; Friday: 8:00 AM – 11:30 AM (approx. 31 hours/week).

● **CERTIFICATIONS**

Abdus Salam School of Mathematical Sciences (ASSMS), 13/08/2026

Mathematical Analysis and Its Modern Applications

- Completed an intensive 2-week short course titled "Mathematical Analysis and Its Modern Applications" instructed by Dr. Ali Raza at Abdus Salam School of Mathematical Sciences (GCU Lahore).
- Focused on function spaces, operator theory, measure theory, classical/variable Lebesgue spaces, and classical/variable Sobolev spaces.
- Explored applications of bounded and compact operators to Fredholm integral equations and the mathematical foundations of Artificial Intelligence.

Mode of learning: Presential

● **HONOURS AND AWARDS**

22/12/2025

Sports Day Award – Govt. Graduate College Kahuta

First position in shot put and discus throw (girls).

Class Topper BS Mathematics – Govt. Graduate College Kahuta

● **VOLUNTEERING**

12/04/2023 – 11/06/2026 Kahuta, Rawalpindi, Pakistan

Girls Marshal

- Served as Student Marshal and Proctor, maintaining campus discipline, order, and student safety during daily routines and institutional events.
- Assisted peers and fellow students by addressing concerns, providing peer support, and facilitating a positive academic environment.
- Coordinated with administration and faculty to enforce campus regulations and manage student activity logistics effectively.
